During water years when rights junior to May 10, 1905, **are**

curtailed, the total annual withdrawal among water right changes CG4-CCV1-4P278 and CS4-00135CTCL, Permits G4-30371P and G4-30398P, for the purpose of use of dairy operation shall not exceed 413 acre-feet, **plus** the prorated quantity of water identified in the following table that would have been available at the original place of use from April 1 to the day of curtailment, but not to exceed 617 feet. Additional Quantity of Water Available for Diversion
Each Day Until the Date of Curtailment.⁽¹⁾

<u>Month</u>	
April	0.19 acre-foot per day
May	1.44 acre-feet per day
June	1.83 acre-feet per day
July	2.23 acre-feet per day
